Thank You for your leadership and professionalism in maintaining board certification in nephrology nursing.

On the occasion of Certified Nurses Day, March 19, it is my pleasure to tell you that you are valued for your commitment to nursing excellence. Your contribution to Nephrology Nursing makes for better patient outcomes and confidence in the quality of our organization and the broader health care system. I realize that it takes personal dedication and persistence to achieve and maintain your certification and I want you to know that I really appreciate all that you do. Less than 20% of American nurses are board certified. You are special and I value you!

Thank You

for caring enough to
maintain your

Nephrology Certification
